

## New partners in Finance & Capital Markets and Employment, Benefits & Pensions practices as of 1 January 2017

### Hanna-Mari Manninen

Finance & Capital Markets

"During the last years the possibilities for companies to obtain financing have expanded and new kind of expertise is required in the field. In addition to our clients' strategic financing matters I am inspired by leadership as part of being an attorney. Especially in larger projects good leadership is the key and plays an important role in delivering excellent client service. The best results are achieved through excellent teamwork which is one of the strengths of our practice."

### Suvi Knaapila

Employment, Benefits & Pensions

"I find the current themes, such as possibilities relating to the changes in the labor market and questions relating to equal treatment and supplementary pensions, extremely interesting. Close cooperation with our clients is the spice of my work and it motivates me every day. I am very happy and proud of my new role in the leading employment law practice in Finland."

"We have witnessed growing demand for insightful advisory services relating to our clients' financing structures and to the increasingly complicated labor market regulation. Both Suvi and Hanna-Mari are respected by our clients as professionals and trusted advisors in their fields. Both have grown at D&I and also gained valuable experience on the client side. They are both highly liked colleagues and active also in various positions of trust outside our firm. I warmly welcome them to our partnership to further build our unique culture and to serve our clients in the best possible way. We want to be the best law firm partner for our clients."
